

RIDE REU

Program

@ UMass Amherst

About

The Research for Inclusivity and Driving Equity (RIDE) Research Experience for Undergraduates (REU) Site will provide undergraduate students an immersive and interdisciplinary experience in community engaged research focused on improving the transportation experience for underserved and underrepresented communities.

RIDE is designed to be a welcoming and supportive environment from students from diverse backgrounds.

Eligibility

We encourage applications from students with no prior research experience. There is no minimum GPA requirement. Incoming freshman through juniors enrolled full-time in a 4 year college of university or community college in the US may apply. You must be a US Citizen, national or permanent resident.

Program Details

- Dates: June 12 - August 11, 2023
- Stipend of \$550/week
